Professional Summary

Motivated and detail-oriented Computer Science graduate seeking a Full Stack Developer opportunity with hands-on experience in developing web applications using HTML, CSS, JavaScript, React.js, Python, Django, Django REST Framework, REST APIs, and MySQL. Experienced in building full-stack applications with frontend interfaces, backend APIs, database integration, authentication, CRUD operations, and responsive user interfaces. Familiar with Git, GitHub, and Render for version control and application deployment. Strong problem-solving, communication, teamwork, and leadership skills with a passion for learning and developing scalable web applications.

Technical Skills

Frontend: HTML, CSS, JavaScript, React.js
Backend: Python, Django, Django REST Framework, REST APIs
Databases: MySQL
Developer Tools: Git, GitHub, VS Code, Render

Soft Skills

Leadership, Communication, Teamwork, Problem Solving, Adaptability

Projects

Banking Management System

Python, Django, MySQL, HTML, CSS

- Developed a full-stack banking management web application using Python and Django with a responsive HTML and CSS-based user interface.
- Implemented user registration, login, authentication, account creation, and account management functionality.
- Developed banking features allowing authenticated users to manage their accounts and perform account-related operations.
- Built an admin panel using Django Admin for managing users, customers, accounts, and application data.
- Implemented database models and CRUD operations using Django ORM with MySQL.
- Used Django forms, views, URL routing, authentication, and database operations to build the application workflow.

Task Manager

React.js, HTML, CSS, Python, Django, REST API, MySQL

- Developed a full-stack Task Manager application using React.js for the frontend and Django REST Framework for the backend.
- Implemented REST API integration to enable communication between the React frontend and Django backend.
- Developed CRUD functionality allowing users to add, view, modify, update, and delete tasks.
- Integrated MySQL database with the Django backend for storing and managing task data.
- Built a responsive user interface using React.js, HTML, and CSS with interactive task management features.
- Used Git and GitHub for version control and deployed the application using Render.

Shopping Cart Web Application

HTML, CSS, JavaScript

- Developed a responsive shopping cart web application using HTML, CSS, and JavaScript.
- Implemented product listing, Add to Cart, Remove from Cart, and quantity management functionality.
- Used JavaScript for DOM manipulation, event handling, dynamic updates, and user interactions.
- Implemented dynamic calculation of product quantities, prices, and total cart amount.
- Designed a clean and responsive user interface using HTML and CSS.

Portfolio Website

HTML, CSS, JavaScript

- Developed a personal portfolio website using HTML, CSS, and JavaScript to showcase technical skills and projects.
- Created sections for projects, technical skills, profile information, and contact details.
- Implemented interactive elements using JavaScript and DOM manipulation.
- Designed a responsive and user-friendly interface using HTML and CSS.

Education

Bachelor of Technology (B.Tech) – Computer Science and Engineering

2021 – 2025

Indur Institute of Engineering and Technology, Siddipet

Intermediate

2019 – 2021

Prathiba Junior College, Siddipet

Secondary School Certificate (SSC)

2019

Sri Vani High School, Siddipet
